Primary Care Cardiovascular Society

Driving primary care to deliver the best in cardiovascular health

# PCCS 3<sup>RD</sup> ANNUAL CONFERENCE

## CVD management challenges during the COVID-19 pandemic and beyond

*A one-day online virtual conference*

**THURSDAY 8TH OCTOBER 2020**

**9.30AM - 4.00PM**

**PCCS AGM 4.05PM-5.00PM**

The PCCS is proud to present this important educational meeting with a difference. This virtual meeting is relevant for clinical champions, GPs, physicians associates, clinical leads in CCGs, specialist nurses, nurse practitioners and pharmacists with a special interest in cardiovascular medicine who want an update and answers to the difficult questions faced in the changing practice of cardiovascular medicine, especially in light of the COVID-19 pandemic.

MEETING SUPPORTED BY:

## PCCS ANNUAL CONFERENCE

### CVD management challenges during the COVID-19 pandemic and beyond

Dear Colleague,

On behalf of the Primary Care Cardiovascular Society (PCCS), I am pleased to invite you to our 3rd national educational event to be held virtually on the 8th October 2020 and entitled 'CVD management challenges during the COVID-19 pandemic and beyond'.

Invitations for this meeting are open and free to attend and are for all healthcare professionals involved in cardiovascular medicine, and in particular, the education will be targeted at PCCS members, many of whom are practitioners with a special interest or clinical champions.

We also welcome non-members to this exciting meeting, with particular relevance to clinical leads in practices and CCGs, specialist nurses, nurse practitioners and pharmacists with special interest in cardiovascular medicine. If you are starting or have completed a diploma in Cardiology this is a great programme for you to extend and update your knowledge.

We would like to thank our industry sponsors, without their support the day would not be possible. However, please note that all of the session content will be developed solely by the speaking faculty, and the PCCS, and aims to focus on the common clinical conundrums you currently face in primary care and your CCG.

To attend this FREE event, please register your details at: [www.PCCSUK.org](http://www.PCCSUK.org) or contact our secretariat LCW Consulting on: [registrations@LCWmed.co.uk](mailto:registrations@LCWmed.co.uk) or 0330 174 1090.

Best Wishes

**Dr Jim Moore**

Meeting Chair, President PCCS  
GP, GPSI Cardiology, Gloucestershire

## WHO SHOULD ATTEND

Healthcare professionals involved in cardiovascular medicine:

- Clinical champions
- GPs
- Clinical leads in CCGs
- Specialist nurses
- Physicians associates
